SECTION C - DESCRIPTIONS AND SPECIFICATIONS

The following have been modified:

GENERAL SCOPE OF BASIC ORDERING AGREEMENT

TerranearPMC (TPMC) provides environmental science and engineering services to DOD, EPA, DOE, DOI and other federal sector clients. TPMC is a small disadvantaged business that has in-house capabilities and experience, which allows them to offer:

- ***Program management systems*** for large contracts, including cost and schedule management systems, QA programs, and Health and Safety programs for major DOD and DOE contracts.
- ***Senior Program Managers*** with experience managing contracts in excess of \$40,000,000 and encompassing every phase of an environmental restoration program.
- ***In house capability*** in all engineering, science, and support disciplines (e.g., GIS, CADD, data management) necessary to execute environmental restoration contracts.

TerranearPMC has experience in:

- Site Characterization and Assessment
- Environmental Emergency Response and Removal Support
- Ecological and Human Health Risk Assessment
- Data Validation and Data Management
- Feasibility Studies, Cost Estimating, and Remedial Design
- Site Cleanup and Closure
- Treatment Systems Operation and Maintenance
- Radioactive Waste Site Cleanup and Waste Management

- Decontamination and Decommissioning (D&D)

TPMC has capabilities in specialty technical areas including the following fields of specialization.

Radioactive Waste Sites

TPMC can provide certified radiation site workers and Certified Health Physicists. In addition to site characterization, risk assessment and remediation services, TPMC also has expertise in the management and disposal of high-level and low-level radioactive wastes.

Ordnance and Explosives

TPMC can implement characterization, assessment, and restoration efforts.

Environmental Emergency Response and Removal Support

TPMC supports the U.S. EPA's Superfund Technical Assessment and Response Team (START) and Removal Support Team (RST). Skills which were provided include, but are not limited to: Emergency, Oil Spill, and Federal Disaster Response, Removal Actions, Remedial Investigations/Feasibility Studies, Human Health and Ecological Risk Assessments, Data Management and Mapping, and Training for Emergency Managers, First Responders, etc.

Risk Assessment and Data Validation

TPMC specializes in both ecological and human health risk assessment, as well as the data validation and data management. They develop risk-based strategies specific to each project to support alternative evaluations.

Environmental Management Systems Integration (EMS)

TPMC implements effective EMS programs.

Remedial Action Experience

TPMC has experience in every phase of environmental restoration projects, including remedial action and the operation and maintenance of remediation systems.
